## Healthy Lunches for Back to School!

With school starting, its time to start thinking about packing up those lunch kits again everyday. A healthy lunch containing a variety of foods from several food groups will give your child energy and prevent a drop in blood sugar for several hours. A healthy lunch also benefits your child not only nutritionally, but physically and educationally as well.

Putting foods your child likes in their lunch encourages them to eat more. Try putting their favorite fruit or sandwich in their lunch. Switch it up with cheese and crackers, or a whole wheat wrap. Sliced veggies with yogurt dressings, hard boiled eggs, trail mix, pasta salads, or leftover chicken is easy and nutritious. Tempt your child into eating their sandwich by cutting it into different shapes or using a cookie cutter. Let your child pick out their favorite fruits and veggies. Bake a batch of homemade cookies and keep them on hand in the freezer. You can use a small ice pack in their lunch kit, or freeze a juice box to use. Limit high fats, sugars and salts. For information on recommended daily servings of the food groups, go to [www.heartlandstroke.com](http://www.heartlandstroke.com) to view the Canadian food guide.

## Thank you To a caring community!

We would like to thank everyone for your prayers, hugs, cards and concern for Brian. We are thankful his injuries weren't any worse and we could have him home with us for 2½ weeks.

We're truly sorry that the media called so many people after the accident. You don't have to tell them anything. When the military are involved they are the only ones who make statements.

Thanks from:

## Town of Eatonia Bylaw Enforcement Updates

### Noise Bylaw:

From the hours of 11:00pm to 7:00am no noise is allowed that is loud / unusual or unnecessary and is persistent. There are people who work shift work, etc. and you should take consideration for this between 7:00am and 11:00pm playing of music, pets, revving engines, etc. Talking with your neighbors could save a lot of grief in the long run if you try to be considerate.

### Trees & Shrubs:

Trees and shrubs on your property, including portions hanging off your property are your responsibility to maintain and trim accordingly.

This includes hedges overhanging onto sidewalks.

Now is the time to trim your Elm trees. Take advantage of the warmer weather and trim your elms now before the snow falls. Once the spring thaw arrives it will be too late! Remember elm

# EATONIA NEWS BULLETIN

SEPTEMBER 2010

trees cannot be pruned between April 1<sup>st</sup> and August 31<sup>st</sup> to prevent Dutch Elm Disease.

## Prevention Tips for Pests:

To detour pests from inhabiting any property:

- Do not allow garbage / lawn waste or other debris to accumulate
- Keep materials such as building materials, wood & fire wood neatly stacked & off the ground
- Garbage containers should have lids.
- Inspect property, building, vehicles & trailers on a regular basis for signs of pests.

## Dog:

Remember that dogs are to be leashed at all times when walking anywhere around town, including play grounds. You never know when something will startle your animal. Be safe. Pets can get aggressive under certain situations. Also please remember to pick up if your dog defecates. Always carry a bag with you.

## Burning In Town

As per Bylaw No. 5/07, proper collection and disposal of garbage, no person shall burn any garbage or refuse within the town limits.

As per the Fire Pit Bylaw No. 3/09, only charcoal, cut seasoned wood, or manufacturer's logs are to be burned in fire pits. You are not to burn leaves, grass clippings, garden refuse, or any material that when burned will generate excessive smoke or an offensive odor. If smoke from a fire causes an unreasonable interference with the use and enjoyment of another person's property, the fire must be extinguished immediately.

## Water Meter Reading

The water meter readers will be out at the end of August to the beginning of September to read your water meter. Please help them out by letting them read your meter when they stop by your house. If they leave a note, please call in the meter reading as soon as possible.

## Street lights:

When ever you see a street light not working, please contact the town office so we can inform SASK Power to fix it.

## Traffic:

School is starting and the Town of Eatonia asks that drivers use extreme caution on all streets and at crosswalks particularly around the schools and play grounds as safety may not be the first priority in our children's minds.

Please spend a moment with your children to remind them of the basic rules of the road and that the vehicles don't always stop when they are supposed too.

## Reminder -

Number all buildings to help with 9-11. We would like to ask your assistance by putting visible number(s) on all buildings, commercial and residential in front for easy identification of civic (street/avenue) locations.

A New Bylaw will be introduced in the near future – Swimming Pool & Hot tub- Bylaw.

The town of Eatonia Bylaw officer is Pam Wake @ 460-8908 please phone her if you have a concern.

## Thank you:

I want to thank the wonderful Eatonia community for all the support my family and I have received during my bone marrow transplant in Seattle. I was overwhelmed by your caring. It truly is a wonderful feeling to be remembered after all of this time, a benefit of growing up in a small town! Eatonia will always be "home". I also want to say thanks for supporting my Mom and siblings. It has been a journey that our family has all been on together. I am very happy to be home in Regina & Saskatchewan and making memories with family and friends. I am feeling well and I am now being followed by doctors in Regina and Saskatoon. So far everything is going well and I hope that continues!

With heartfelt thanks,

Kathy (Hennes) Hope
